Map Showing Surface Coal Mines in Fountain County, Indiana

Explanation

Surface Mine Identification Number

Map Description

The map shows the location and extent of surface coal mines in Fountain County, Indiana, and contains the following information:

- Mine identification numbers
- Surface mine locations

Additional Information

- The map is compiled from a variety of sources including IDNR Division of Reclamation maps, Annual State Geologic Reports, mining company records, and several series of published maps.
- Information collected for the Coal Maps was published as the IGS Coal Map series.
- Original Geological Survey (IGS) maps were adapted from information compiled by the Indiana Division of Reclamation and the Indiana Bureau of Mines.
- Updated mine maps are collected annually from the Indiana Department of Natural Resources.
- The map is intended for state, or local government use only at the scale of 1:63,360 or smaller.

Data Availability

- Paper and digital copies of this map are available for use.
- Additional information may be directed to the Coal and Industrial Minerals Section, the Indiana Geological Survey, Indiana University.
